PROFILE

Creative and detail-oriented Graphic Designer, UI/UX Designer, and Frontend Designer & Developer with over 5 years of experience crafting compelling brand identities, intuitive user interfaces, and seamless digital experiences.

WORK EXPERIENCE

Moihuti International October 2024 - Present
UIUX Designer and Frontend Developer

- Revamped the LMS user interface, enhancing usability and visual appeal to create a more engaging and efficient learning experience.
- Built and optimized the frontend for all system sections, prioritizing responsive design and smooth performance across platforms.

RainShield Global January 2024 - Present
Brand Designer and Resource Management

- Designed a standout brand identity, distinguishing the firm in the competitive investment industry.
- Created impactful graphic designs and collaborated with management to execute effective marketing strategies.

Silicon Delta July 2024 - Present
Product Designer

- Designed and contributed to the creation of a Learning Management System (LMS) for Nigerian schools, focusing on delivering an intuitive and effective tool for students and teachers.
- Partnered with development teams to bring the platform to life, ensuring technical feasibility and user-centric design.

Carb 2022 - 2023
Brand Designer and UIUX Designer

- Crafted a unique brand identity for the e-hailing company, aligning visuals and messaging to appeal to its target audience and strengthen market positioning.
- Contributed to the creation of user-friendly interfaces for the rider and driver apps, prioritizing functionality, aesthetics, and user satisfaction.
